### GERMAN RAIDER APPEARS OFF THE VIRGINIA CAPES AND U. S. WAR DOGS START IMMEDIATE PURSUIT

#### GERMANS BLOW UP GUNBOAT

The Cormoran, interned at Guam, is destroyed by crew after refusing to surrender to U. S.

#### OFFICERS AND CREW PRISONERS

Seven Members of Crew Lose Lives When Vessel Is Sent to Bottom Last Night.

By Associated Press Dispatch.  
Washington, April 7.—The interned German gunboat, Cormoran, at Guam, was blown up last night.  
Twenty officers, 12 warrant officers and 321 enlisted men were taken prisoners.  
The Cormoran refused to surrender to the American forces which went to take possession of her and was destroyed by her crew.

Two German warrant officers and five enlisted men of the crew were killed in the explosion.  
The destruction of the Cormoran took place at 8 o'clock last night, Washington time.

#### TROOPS ON WAY NORTH

(Associated Press Cable.)  
Juarez, Mexico, April 7.—Eight Caranca troop trains are enroute from Chihuahua City to Juarez today, carrying approximately 4,000 de facto troops, according to an official announcement made at military headquarters.  
The first train, with 500 men on board, arrived in the railroad yards.

#### RELIEF BOAT SUBMARINED

#### AUSTRIA, TURKEY AND BULGARIA DECIDE UPON BREAK WITH U. S., SAYS DISPATCH

\$2,000,000,000 War Loan to Allies is Proposed in Addition to \$3,400,000,000 Credit For Use in Conducting War—Loan Would Be Taken Care Of By Bond Issue and Burden Properly Apportioned As To Wealth.

#### PLANS FOR RAISING REGIMENT OF CAVALRY LAUNCHED AT COLUMBUS THIS AFTERNOON

London, April 7.—(Associated Press Cable)—Passports have been placed at the disposal of the American Ambassador at Vienna, according to a dispatch to the Exchange Telegraph Company from The Hague.

The dispatch also says Bulgaria and Turkey have decided to break off relations with the United States.

#### PLAN CREDIT OF \$2,000,000,000 FOR ALLIES

Washington, April 7.—(Associated Press Dispatch)—Plans for financing the war were discussed today by Secretary McAdoo with members of the House Ways and Means committee and with Chairman Simmons of the Senate Finance Committee.

The \$3,400,000,000 already asked for the Army and Navy is expected to suffice, in addition to the regular appropriation bills, until June 30, 1918.

The step considered most important now is the extension of an immense credit to the Entente Allies—probably at least \$2,000,000,000—as an indication that the nation is going into the war to the limit with the resources most readily available.

Bonds under such a plan would be issued to take over bonds of the Allies, making them in effect securities for those obligations.

Most of the money derived from such bonds, it is expected, would be spent in the United States.

On the question of taxation, Congress leaders feel that the burden of the war should be about equally divided between the nation and bond issues.

It was said today that there would be no attempt to drain the wealth of the country by enormous increases in the income and corporation taxes and a higher tax on excess profits, but it was declared wealth will be forced to share its portion of the burden.

#### TO ORGANIZE OHIO CAVALRY REGIMENT

Columbus, O., April 7.—Plans for the organization of a regiment of cavalry in the Ohio National Guard were being considered here this afternoon by Adjutant General Wood and cavalry officers from Cincinnati, Cleveland and Columbus troops.

New cavalry troops are being recruited in Cincinnati and Cleveland, and it is expected that the department will soon be ready to organize a complete regiment.

Officers of the Adjutant General's office will remain on duty over Sunday, expecting orders at any moment for the mobilization of the Ohio National Guard from Washington.

Commission today stated that the commission steamship Anna Postenes, which left New York March 3, for Halifax with a \$350,000 cargo of foodstuffs for Rotterdam has been sunk.

The Anna Postenes was without wireless equipment, and her crew, numbering 50 men, included no Americans.

#### 30 HI SCHOOL BOYS ENLIST

(Associated Press Dispatch)  
Toledo, O., April 7.—Thirty boys of the Scott High School enlisted today in a new state militia cavalry troop ordered to be recruited here.  
An effort will be made to enlist in this troop only boys of the Toledo high schools.

#### SUB. SIGHTED OFF FLORIDA

By Associated Press Dispatch.  
Tampa, Fla., April 7.—Captain Lindquist and crew of a fishing smack today reported that they saw a large submarine three miles from shore off Sarasota Bay.

#### RAILROADS PAY FOR LOBBYISTS

By Associated Press Dispatch.  
Columbus, O., April 7.—Ohio railroads paid \$8,000 to attorneys and lobbyists for working for and against bills affecting them before the recent session of the Legislature, according to a report filed with the Secretary of State today.

#### Navy Awaits Call to Action; Expects to Fire the First Gun

THE NAVY CALLS ELIGIBLE YOUNG MEN TO THE COLORS

"Inside opinion in the navy has crystallized that, so far as the United States is concerned this is going to be largely, perhaps exclusively, a war of navies," says the Washington correspondent of the Philadelphia Press. "Every man in it sees a chance for glory. Every admiral, every captain, every lieutenant, every ensign is figuring that he may be the lucky chap to show the world how submarines may be bagged." And it may be added with emphasis that every enlisted man is hearing with eagerness the patriotic call to service as sounded by the fine, manly young chap seen in the picture.

#### GERMAN FUGITIVE

By Associated Press Dispatch.

San Francisco, April 7.—Franz Bopp former German Consul General, under prison sentence for violation of American neutrality and at liberty on \$25,000 bail, was branded as a fugitive today by Federal authorities, and orders for his arrest were telegraphed to military and civil authorities on the Mexican border, in the belief that he is making for Mexico by automobile.

Franz Bopp telephoned the Federal authorities here today from St. Helena Cal., that he was on his way to surrender.

#### SHORT WHEAT CROP COMING IN AMERICA

By Associated Press Dispatch.

Washington, April 7.—The prospective slump of more than 250,000,000 bushels in the winter wheat crop, as com-

pared with last year's crop, is the first war feeding problem to confront the country.

Official estimates of the Department of Agriculture today—the first for the 1917 harvest—forecast that much of a decrease, although the acreage is much greater.

Notwithstanding the heavy decrease in the prospective wheat crop, the production of rye is forecast by the department of Agriculture at 60,000,000 bushels, the largest output of this crop ever recorded in the United States.

#### OHIO TROOPS ARE SENT EAST

By Associated Press Dispatch.

CLEVELAND, O., APRIL 7.—NEARLY 200 MEMBERS OF THE CLEVELAND NAVAL MILITIA LEFT HERE THIS AFTERNOON FOR AN EASTERN SEAPORT.

#### HOW GERMANY CAN GET PEACE

(Associated Press Cable.)

Petrograd, April 7.—Minister of Justice Kerevsky said in an interview today that if the German people would follow the Russian example and dethrone the Emperor, "we offer the possibility of preliminary negotiations."

#### Sudden Appearance of Unknown Raider Paralyzes Shipping on East Coast.

#### U. S. NAVY TAKES IMMEDIATE ACTION

Stranger Is of Ten Thousand Tons and Believed to Be Armored Cruiser.

By Associated Press Dispatch.

Newport, R. I., April 7.—A German sea raider was officially reported off Nantuckett at 7:40 this morning.

The deputy collector of customs warned all shipping not to leave port until further notice.

Newport, R. I., April 7.—The first alarm of the German-American war was sounded off the New England coast today.

Just before eight a. m., the Nantuckett shoals lightship flashed to the naval radio station here that a German commerce raider had passed the lightship bound west.

Instantly, plans for the Navy for just such a situation became operative, and while they were not disclosed, there was assurance that if the audacious warship held her course, she would be given a warm reception.

Meantime, shipping in the vicinity was warned to make port or hold its anchorage.

The weather was thick off the coast, and it was not expected that the stranger would be sighted again until she was at close quarters with some vessel of the coast patrol fleet.

It was 7:40 o'clock that the war-painted craft loomed out of the fog some 50 miles south of Nantuckett Island and about 35 miles east of Newport.

She was directly in the lane for westbound shipping and not more than 200 miles by the usual course from New York.

The supposed raider showed two masts and a huge smokestack. She appeared to be of about 10,000 tons, and some shipping men who heard this description expressed the opinion that she was an armored cruiser disguised as a merchantman.

A few minutes after she was picked up, the vessel was lost again in the fog.

Newport News, Va., April 7.—A German raider was reported off the Virginia Capes this morning, and all shipping in the waters off the capes has been officially warned accordingly.

Washington, April 7.—The Navy Department was advised early today by the Nantuckett shoals lightship by radio that an unknown ship had passed near that vessel. No information as to the character of the ship was given.

#### TARRIED AWHILE

By Associated Press Dispatch.

Boston, April 7.—Later, a radio message received at the Boston Navy Yard said the raider laid about 3 miles off the lightship for half an hour, and then proceeded westward, where she was lost to view.

#### CUBA NEXT

By Associated Press Dispatch.

New York, April 7.—The Cuban Congress tonight is expected to declare that a state of war exists between Cuba and the Imperial German Government, according to a cable message from Azpiazu, private secretary of President Menocal, to the Republic of Cuba News Bureau here.

#### BRAZIL TO ENTER

(Associated Press Cable.)

LONDON, APRIL 7.—THE CENTRAL NEWS SAYS IT IS SEMIOFFICIALLY INFORMED THAT A DECLARATION OF WAR BY BRAZIL AGAINST GERMANY MAY BE EXPECTED BY MONDAY.

#### ALLIES LOSE 44 AIRCRAFT

(Associated Press Cable.)

Berlin, April 7.—The Entente Allies yesterday lost 44 aeroplanes on the Western front, says the official statement today by the German Army headquarters staff.

Thirty-three of the British or French machines were destroyed in aerial engagements. Five German airplanes, the statement adds, did not return.

#### SHORT CROP!

By Associated Press Dispatch.

Chicago, April 7.—Accepting wheat crop conditions shown by the Government report as a calamity, the wheat market here today made sensational advances from 8 5-8 cents a bushel for May options to 13 3-4 cents for September. Flour went up 50 cents a barrel.

#### COX APPROVES

By Associated Press Dispatch.

Dayton, O., April 7.—Governor Cox today placed his official approval upon the plan originating today in his home town of organizing a home guard regiment of 1200 men between the ages of 30 and 55, officered by former National Guard and Army officers.

Protection of local property after the National Guard has been called to the colors is the object.

## WOMEN OF FAYETTE COUNTY ORGANIZE FOR DRY CAMPAIGN

State Chairman of W. C. T. U. Attends Enthusiastic Assemblage of Local Women Prominent in Temperance Work and Assists in Organization.

Mrs. Florence D. Richards, State President W. C. T. U. effected a "Dry Federation" of the women of Fayette county to participate in the coming State-wide Dry Campaign, at a splendid meeting at Grace M. E. Church, Friday afternoon.

The inclement day interfered with the attendance, but enthusiasm reached the high water mark.

Mrs. Alice Taggart, County President, W. C. T. U. presided and Rev. T. C. Kerr opened the meeting with prayer.

Miss Edith Gardner contributed a fully enjoyed soprano solo and the songs of devotion were sung to patriotic airs.

The "Kentucky poet," Mr. Erwin, recited one of his own poems, "The Bitter Groggess."

Mrs. Richards, always a forceful and fluent speaker made a fine address, and explained in full all plans for the campaign—Fayette county

makes the forty-second county she has organized. Mrs. Richards was sanguine in her hopes for a dry state. She said that William Jennings Bryan, and Theodore Roosevelt would lecture down each side of the state and Billy Sunday take the middle of Ohio and keep them apart.

It is the purpose of the organization to reach every woman in the state. With this in view the county will be organized in groups, of twenty women under a leader, who will see that every home is furnished with informing literature and do whatever is possible to awaken active interest. Women are appointed from every church regardless of W. C. T. U. affiliation.

Following Mrs. Richards' speech the organization was effected with Mrs. Alice Taggart, of Jeffersonville, Director; Mrs. Carrie B. Willis, treasurer, Mrs. Frank M. Kennedy, secretary.

The women so far appointed as county chairman are: Mrs. John York Good Hope; Mrs. Cora Foster, Bloomington; Mrs. Chas. Roberts, Staunton; Mrs. Ed. Darlington, Sugar Grove; Mrs. Hallie King, Madison township; Mrs. W. H. Chamberlain, Milledgeville; Mrs. A. R. Todhunter New Martinsburg; Mrs. Hulda McGrew, Jeffersonville.

## BRINGS ACTION FOR DAMAGES IN SUM OF \$3,000

Saturday afternoon, Miss Dora McLean of this city filed suit in the common pleas court making John Rice defendant, and asking for \$3,000 damages as result of injuries sustained November 15, 1916, when a rig driven by her collided with a storm buggy owned by the defendant, and which the plaintiff alleges had been negligently left standing in the roadway.

Plaintiff claims that when the rig collided her buggy was torn to pieces and her horse ran away, dragging her a considerable distance and inflicting injuries of a more or less permanent character.

Plaintiff says in addition to the damage to her health she lost one month's work, paid \$24.50 doctor bill, and her buggy was damaged to the extent of \$40. She asks judgment for the entire amount.

Rankin & Rankin and Post & Reid represent the plaintiff.

## PENNY SUPPER PLEASES PATRONS

The busiest place in town Friday night was the dining room of the First Presbyterian church, the scene of an altogether novel and taking departure—a "Penny Supper," given by the M. H. G. Girls of Mrs. Austin Hopkins' Sunday school class. It proved as popular as it was well patronized.

The big dining room had been converted

ed in favor of the defendant, holding that the order of the city council to remove the brick paving was an abuse of discretion and that the brick paving was sufficient to answer all proper purposes. Because of the grounds mentioned, it was held that the city could not recover the amount of the assessment for the new concrete sidewalk.

Ray R. Maddox represented the plaintiff and Hidy & Sanderson the defendant.

## COURT OVERRULES DEMURRER IN CASE

A general demurrer to the petition in the case of the Y. M. C. A. against J. H. Millikan et al., at a hearing in the common pleas court Friday, was overruled, and the defendants were given 40 days in which to file an answer.

The plaintiff was represented by E. L. Bush and the defendant by Hidy & Sanderson.

## PARENT-TEACHERS' CLUB CALL PATRIOTIC MEETING

Complying With Governor Cox's Proclamation Sunnyside Parents and Teachers' Club Calls Meeting.

Arrangements are being completed for a patriotic meeting of the citizens of Washington on next Wednesday evening, April 11, at the Sunnyside school building under the auspices of the Sunnyside Parents-Teachers' Club.

This meeting is not confined to residents of the Sunnyside district but an invitation is extended to all patriotic citizens and children of the city to join in compliance with Governor Cox's proclamation that the hour from eight to nine o'clock of that evening be devoted to patriotism.

President Wilson's war proclamation and Governor Cox's proclamation will be read.

Hon. C. A. Reid and other prominent speakers to be announced later will address the meeting.

A good orchestra will furnish stirring patriotic music.

Should the weather be favorable the meeting will be held out of doors, otherwise arrangements will be made to accommodate the crowd inside the building.

Further announcements will be in Monday's paper.

## JEFFERSON AND UNION VOTE TODAY

Union and Jefferson townships are voting on the question of centralization today, and in both townships the indications, according to some of those directly concerned, are that the question will carry by a substantial vote. However, some voters say that the proposal will lose in both townships.

In Union township the question of issuing up to \$50,000 in bonds also is to be decided.

In each township a large vote is being cast, although not the entire electorate is voting.

## MASONIC PATRIOTIC MEETING.

Patriotic Mass Meeting of Masons and Sons of Masons Monday evening, April 9th at 7:30 in large Auditorium, Masonic Temple, 4th and Lynn Sts., Columbus, Ohio, under auspices of Blue Lodge Officers Association Out of town Masons and Sons of Masons invited.

## THE BLACK AND WHITE GIRL FOR PICTURESQUENESS

Black and white irregular stripes, with a solid white collar made a dashing sport effect when the hat harmonizes. This rough straw, faced and banded with white satin, is trimmed with make believe straw buttons—holes built around two striking buttons.

## PRESENTATION AND RAISING OF LARGE FLAG

Impressive and Patriotic Ceremonies Mark Presentation of Old Glory By Juniors—Flag to Float Over H. S. Building.

The High School building was the scene of most patriotic and impressive ceremonies at 1:15 Friday afternoon, when the National Colors, presented by the Junior Lodge of United American Mechanics, was formally tendered to the high school, accepted with assurances of deep appreciation, and the colors cast to the breeze from the high school building.

A delegation of Juniors, headed by Dr. R. M. Hughey, and bearing the flag, appeared at the high school building at the appointed time and were welcomed by Supt. Wm. McClain, Prof. O. K. Probasco teachers and pupils.

The main ceremonies were conducted in the high school auditorium, with the teachers and students taking an active part.

Patriotic songs and readings featured the exercises in the auditorium, one of the readings being an extract from President Wilson's war message to Congress.

In a speech teeming with patriotic appeal, Dr. R. M. Hughey, on behalf of the Juniors, presented the handsome flag.

The speech of acceptance was made by Mr. Chauncey A. Pyley, after which all filed outside where the flag was flung to the breeze, amid an ovation of applause on the part of all.

Failure of the wires to work through the pulleys of the staff, and the high wind preventing the scaling of the staff, the flag was displayed from a window temporarily until ropes can be adjusted to the staff.

The flag is a beauty and greatly prized by the entire high school.

## THAD M'LAIN OIL CO. STRIKES OIL

A telegram was received in this city Saturday from Thad McLain, of Saratoga, Texas, stating that the drill in use by the Thad McLain Oil Company had, at a depth of 875 feet, struck a good showing of oil, and all were confident the well would be a big money-maker.

Oil is struck at a depth of 500 to 1,000 feet, and the well is being brought in in much the same manner as the big producers of that territory.

A number of stockholders in this city are greatly enthused over the prospects of striking it rich.

## GREENFIELD WILL HAVE GUARD CO.

There is every reason to believe that Greenfield will soon have a full fledged military company, as 58 men, in addition to the 15 or 18 in Company M, have enrolled in the new company and a few more will be all that will be required to insure a company at that point.

Within the next week it is expected the company will be formally organized and attached to the Fourth Regiment.

## TWO DERAILMENTS SATURDAY MORNING

A freight car was derailed on the D. T. & I. at Greenfield, Saturday morning, and another at Springfield Junction, tying up traffic for some little time, and delaying the north-bound morning train about one hour, and the south bound passenger train two hours.

### Quality IS EVERYTHING

NATURALLY, having spent many years in making of portraits, we have very positive ideas on the subject. To our mind a quality portrait should have distinction of pure, originality of mounting, that virility of delineation, which makes the onlooker say to himself: "A Perfect Likeness," and to our mind a quality portrait should sell at a reasonable price As Ours Do.

## UNPATRIOTIC MAN DRIVEN FROM TOWN

An interesting incident occurred in Clarksburg, Ross county, this week, according to reports from that place, when a man residing a few miles from Clarksburg went into the village and because of pro-German utterances which were deemed of a treasonable character, was given a few minutes to leave the village or suffer rough handling at the hands of a bunch of irate villagers.

The man left the place in a hurry.

### OBITUARY.

Britton Shobe, son of Amos and Provy (Hause) Shobe, was born in Ross county, December 21, 1838 and departed this life March 30, 1917, aged 78 years, 3 months, 9 days. He was received into the M. E. church at Madison Mills, Ohio by Rev. Adams.

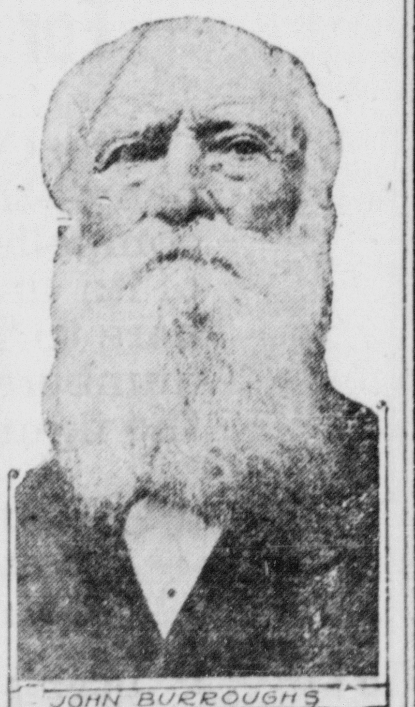

He was united in marriage to Elizabeth Rowe, daughter of Nathan and Margaret Rowe, October 6, 1864 at Washington C. H., Ohio, and to this union were born three children, Elroy and Wert, of Washington C. H., and Mrs. Ida Rogers, of Staunton, O., who with the devoted wife, two brothers, Martin and Simon of Springfield, Ohio, five grandchildren and many friends are left to mourn their loss. The Law of Truth was in his mind.

Sadly yet tenderly we must bear his body to the silent city of the dead. His presence will be missed by many but most of all in the home by the devoted wife.

"We miss thee from our home, dear father"

We miss thee from thy place  
A shadow o'er our life is cast;  
We miss the sunshine of thy face;  
We miss thy kind and willing hand—  
Thy fond and earnest care;  
Our home is dark without thee—  
We miss thee everywhere.

**FAMOUS AUTHOR  
AND NATURALIST  
IS IN 81ST YEAR**

Preparations were made for a very quiet celebration of the eightieth birthday of John Burroughs the famous naturalist and author, in view of the death of Mrs. Burroughs on March 6 and Mr. Burroughs' own illness. Mr. Burroughs' home is at West Park, N. Y., on the bank of the Hudson river. For many years he has been America's leading writer on the close observation of nature, and his sympathetic studies of bird and animal life have won thousands of friends for him. He was born at Roxbury N. Y., on April 2, 1827, and has lived on a farm devoting his time to fruit culture and literature, since 1874.

TWO  
NIGHTS

APRIL  
9-10

Positively the most phenomenal and percutient panorama of amazing, amusing and alarming activities ever shown under canvas. Curious, Capering Clowns, Agile Acrobatic, (Awfully) Egregious Equilibrists and Enchanting Equestriennes, Wonderful Wire Walkers, Tricky Tumblers, and everything else that goes to make up a superior circus—multiplied by 2.

### The Menagerie:

Our menagerie this season is a triumph. Enormous Elephants, monstrous yet so mild that they eat from the hand; Gigantic Giraffes, freckled and frolicsome; Zebras in all the season's most pertinent zig-zag and diagonal effects—the very zenith of zoological zeal. And a thousand and two other queer curiosities—many that you never heard or dreamed of.

## MAIN SHOW BEGINS AT 8:30 SHARP

### Grand Entree and Pea Raid

A dizzy display of dazzling array, crowding the circus course with a colossal congregation of Clowns, Riders, Acrobats, Tumblers, Charioteers and Performers of all kinds and colors—a riot of brilliancy and profusion

#### HORNY-HANDED HORNPIPER.

A detachment of dancing dervishes loaned for the occasion by the United States Navy. (Grateful acknowledgement to Secretary Daniels)

#### PUERILE PARALLELISTS.

These handsome young huskies hop and hover about the high bars like herons in their native haunts.

#### MARCHE MAGNIFIQUE.

An exhibition of rare excellence unequalled in elegance and elaborateness.

#### SAUNDERS.

He of the deft and dexterous digits in delicate jeopardous juggling—astounding.

#### STARTLING STATUESQUE.

These solemn seraphs stand stolidly and sphynxlike for many minutes at a time while the audience acclaims and admires.

#### BUTTERS.

This act is the acme of astonishing aerial art. He walks and whisks about on a wee wire causing the world to wonder.

#### ELEPHANT LEAP.

A concourse of clever and agile acrobats who amuse themselves by aviating over the massive avoirdupois of Amy, the amiable elephant.

#### PHLAG PHALANX

Specially secured color carriers of the signal service in a heart-tling manuever of pedestrian precision and patriotic inspiration.

#### SUPERB SOLDIER.

Selected Squad from Company M, O. N. G., (if not in service) will stage special stuff.

#### 2-TORRID TUMBLERS—2

Rash Richardson, late of the Gus Sun Circuit, assisted by Foxy Fox, of equal fame—rare, radical, remarkable.

#### ERIN GO BRACH.

A covey of cute little colleens, correctly costumed, in tireless and transcendent terpsichore.

#### TUMBLING TOMS.

Phenomenal little prodigies who surprise and subject you with their startling and stringent stunts.

#### PARLOR PYRAMIDISTS.

Autate athletes, lithe and limber, who create marvelous monuments of themselves while the spectators stare in surprise.

#### COURSAN.

The Hermann of the horizontal bar. His work is magical and mystifying and the air with which he abandons himself to the atmosphere is magnificent.

## GREAT WHITE WAY OPENS 7:30 P. M.

FOREPAWS' & HINDPAWS' GREAT WHITE WAY IS BIGGER, BETTER, AND GRANDER THAN EVER THIS SEASON. THE LIST OF ATTRACTIONS HAS NOT ONLY BEEN AUGMENTED BUT STRETCHED TO INCLUDE THE VERY CREAM OF EXTANT FREAKS AND CURIOSITIES AND SIDESHOW ATTRACTIONS. PLENTY OF TIME TO MAKE THE MIDWAY BEFORE THE BIG SHOW STARTS.

#### ANNEX—UPPER

##### Georgia Jubilee Singers

By all means the best plantation performers now decorating the boards. Chorus and quartette rendition of Southland melodies, monologues, ragtime soloists. Hear the Hen-Roost Quartette and see the Lime Kiln Club in action. Interpretive studies of Lew Dockstader, Hi Henry, Bert Williams, Sam Lucas, Charlie Gano and others.

#### NATATORIUM

##### Mamie

Positively the only genuine Abyssinian wild woman now in captivity. Mamieuka—or Mamie for short—was discovered by explorers in 1914, living in a nest of vultures in the extreme fastnesses of her native land and subsisting on carrion and the carcasses of animals killed by these fiendish fowls.—First year entour—Don't Miss Mamie!

## ANNEX

SEE VITREO—The only human being in existence living exclusively on bottles and broken glass.

SEE IT—It is the most remarkable thing of ITS kind in existence. IT is in a class by ITS self. You have to see IT to believe it.

SEE THE GREAT RED BAT OF AFGHAN—This rare and rubicund freak you never forget—the sloth of the vampire family.

SEE HEFTY HILDA—Tips the scales at exactly 826½ pounds. This corpulent colossus is the most monumental bit of femininity ever gathered into one piece.

SEE RUBBERO—The elastic Indian. Rubbero has 9,942 yards of genuine cuticle on his neck. Fact.

SEE SIGNOR CRUMB—Signor Crumb surpasses the illustrious Tom Thumb in diminutiveness. You actually have to look twice to see him.

## TAGS ARE A JOKE DECLARE AUTOISTS

A great many automobile owners are up in arms over the unsightly and clumsy license tags which are thrust upon them this year, and are hoping that the next tag chosen will not be so large that even a touring car appears attached to the tag instead of the tag attached to the touring car; also that the design will bear some semblance to respectability.

Tags issued at the present time are 5 1/2 inches by 16 inches, and come to the applicant a smear of gaudy yellow and black paint on sections of sheet iron, with the paint still undried. Auto owners declare that it is difficult to adjust the cumbersome tags to their machines.

## HOW TO PROPERLY LIST AUTOMOBILES

The Tax Commission of Ohio has submitted for the use of the County Auditors, a suggestion as to how automobiles should be returned for taxation and for the guidance of taxpayers the schedule is submitted as follows:

1917 cars purchased after January 1st—90 per cent of list price.  
1917 cars purchased before January 1st—80 per cent of list price.  
1916 cars—70 per cent of list price.  
1915 cars—50 per cent of list price.  
1914 cars—30 per cent of list price.  
1913 cars—20 per cent of list price.  
1912 or older—10 per cent of list price.

## TAKEN TO JACKSON TO FACE ACCUSER

Charles Murphy, resident of Jackson county, who came to this county to work a short time ago, was arrested by Sheriff Jones, on the Kennel farm, Columbus pike, a day or two ago, on a charge filed by his daughter.

He was taken to Jackson county to face the charge. It is understood the woman accuses Murphy of a crime for which another man was arrested a few years ago, and he faces two charges.

## WORKMAN INJURED AT GRAVEL PIT

## GIVES REASONS WHY PRISONERS WILL NOT RETURN

(Associated Press Cable.) London, April 7.—Lord Newton a few days ago in the House of Lords, caused a surprise by stating that many British prisoners at Ruhleben, Germany, had no desire to return to England. It is now learned that there are about 800 of these prisoners, British subjects, who openly profess sympathy with the German cause.

The reason for this large number of pro-German British, according to statements made here, is that they are almost all Germans, born and bred who acquired British naturalization either in England or in some of the colonies, in order to escape liability to military service in Germany. Most of them left Germany specially for this purpose, and after residing on English soil for the minimum period requisite to naturalization, they returned to the Fatherland and resumed their ordinary life. The interned prisoners also include their sons and grandsons. There are also natives of Austria, German Switzerland and Russia who similarly acquired British citizenship.

## CHANGE OF FIRM. ANNOUNCEMENT

We wish to take this opportunity to inform the citizens of Washington C. H. and vicinity that we have purchased the branch store of The C. R. Parish Co., dealers in Furniture, Rugs, Stoves, Grafanolas and Records, in this city, and shall endeavor to make the business better and larger than ever, though successful as it has been.

We can assure you of the same fair treatment and generosity as has been characteristic of the past, and solicit a continuance of your worthy patronage. "Quality First" will always be our watchword in caring for your needs.

Mr. F. B. Edwards, Mr. Lon Snapp and Mr. James Jackson remain with the new firm, and will be glad to greet all their friends and make the acquaintance of new ones at the old stand, 138 South Main street.

Yours Very Truly,

C. H. Moore

ed their ordinary life. The interned prisoners also include their sons and grandsons. There are also natives of Austria, German Switzerland and Russia who similarly acquired British citizenship.

There was much indignation among the pseudo-British at the outbreak of the war when they suddenly found themselves interned as were out-and-out Englishmen. There were many protests, but the police replied that they had sheltered themselves from military service under their alleged British nationality and must take the consequences. At first they were carefully distributed among the purely British prisoners for observation and espionage purposes. The Englishmen countered with a boycott which eventually resulted in the separation of the two elements.

Whenever one of the pro-Germans asked for leave, the officer of the day would say "What regiment do you wish to join?" In the end about 300 volunteers for the German army were obtained from the camp.

## URGES TAX ON MONIED MEN

By Associated Press Dispatch.

St. Louis, April 7.—Statements that the United States had been drawn needlessly into war, and that those who can afford to pay—not the working people—should finance it, were made today by Morris Hillquit, of New York, temporary chairman, in calling to order a special session of the National Convention of the Socialist party.

## FIRE MARSHAL HAS PLANS FOR WAR

By Associated Press Dispatch.

Columbus, O., April 7.—The State Fire Marshal's force will probably be doubled in case of war according to State Fire Marshal T. A. Fleming, who has just assumed charge of the office.

With many large industrial concerns converted into munitions factories there will be much additional investigation to be done by the department and he may have to ask for an increased force to give proper protection. One of the first things Fleming proposes doing after he has got his force organized is to establish a school for deputy fire marshals to train them for their work.

## ARRESTED FOR TEARING FLAG

By Associated Press Dispatch.

Cincinnati, O., April 7.—A charge of casting contempt on the American flag was preferred today against Thomas J. Gorman, 51. Patrolman Ackley was the complainant.

The officer said that Gorman was soliciting alms. The man was wearing an American flag around his neck.

Ackley said that when he placed Gorman under arrest, the latter tore the flag from his neck and ripped it into bits.

## NO TRAINING CAMP FOR CITIZENS

Chicago, April 7.—There will be no citizens' military training camps this summer, it was announced at army headquarters here today.

General Barry, commanding the Central Department, said all arrangements for the camps had been suspended, and that persons who had expected to attend could best further the interest of the Government by enlisting.

## CLUB FOR WOMEN "WITHOUT NATION"

London, April 7.—"For Women Without a Nation," is the title of a committee just organized by the American Women's Club under the direction of Lady Lowther.

The club, in connection with its war work, has found that there are a large number of women stranded in London who cannot claim the rights and protection of any state; they are citizens of no country.

An instance given by the club secretary is that of an Englishwoman who married a Belgian and went with him to the United States, where he lived long enough to lose his nationality. Neither took out naturalization papers, and they returned to Europe so that the husband could enter the Belgian army, in which he is now fighting.

"We have record of more than a hundred such cases," said the secretary.

The club has committees to help stranded Americans, to educate American children, to maintain workshops where hospitals are supplied to the Allies, and to manage a knitting factory for the aged.

## FISHER WARNS COUNTRY OF A FOOD CRISIS

Political Economist of Yale Says Something Must Be Done to Take Place of Millions Who Have Left Fields for Work in War.

Washington, April 7—America must be fed and something must be done to replace the millions who have left the fields for war and for making the machines of war, says Prof. Irving Fisher, famous political economist of Yale, in a statement issued today through the National Emergency Food Garden Commission.

Coincident with the statement of Prof. Fisher the Department of Labor gave out a statement that showed the cost of the annual grocery bill for the average family had increased from \$339 in 1913 to \$425 at the present time.

Prof. Fisher cites the increase of food prices since the war in Europe began and points to the need of the people planting food gardens in back yards and vacant lots this spring as never before. The statement given out by the commission, which is sending free garden lessons to more than a thousand newspapers, follows:

"Retail prices of food had risen since the war began up to December 1916 by about 25 per cent according to the record of food prices kept by the United States Bureau of Labor Statistics. In Europe general prices have risen far more. In fact, in Russia up to April 1916, prices of goods in general had risen, according to Prof. Cassell of Sweden, 165 per cent.

"In this great rise there is involved an exceedingly important monetary cause—currency inflation. But there is also another side to the question, that is, the supply of goods, especially food.

"The world is confronted with a very grave problem. Millions of men in Europe have been taken away from the production of food to fight and produce ammunition and other war supplies. Thousands of men are about to be taken away from such production in America.

"Some great and unusual effort should be made in America. The National Emergency Food Garden Commission of Washington has been organized to meet that need. Its aim is to encourage the making of food gardens for the purpose of increasing the food supply of the country.

"The example of the European countries where the women and children and the men unfit for service have literally done the greater part of the production of the country, should show us in America what can be done toward solving the problem. The National Emergency Food Garden Commission should help materially."

every bill of the average family in this country has jumped from \$339.54 in 1913 to \$425.54 at the present time. The report shows the heaviest increase has been in potatoes which have jumped from \$18.96 to \$44.69. This is one of the vegetables that can be planted with good effect in the campaign for back yard and vacant lot gardening now being waged by this paper and the food garden commission of Washington. Everything else shows a corresponding increase all along the line.

## SHERMAN-SHERIDAN HIGHWAY ROUTES

The Sherman-Sheridan Highway will come through Hillsboro and Greenfield. Better news could not be given to the people of Highland county. It means a national highway extending entirely across Highland county and connecting the two largest towns in the county.

This National Highway extends from Cincinnati to Wheeling and a big fight was put up by every county that had a possible chance to have it run through it and the fight was made so strong that from Milford to Washington C. H., it will go over two routes. One route goes from Milford by way of Loveland and Wilmington to Washington C. H., and the other by way of Fayetteville, Hillsboro and Greenfield to Washington C. H.

## Czar's Portrait May Remain But He Won't Dominate Duma

DUMA ROSTRUM, DOMINATED BY PORTRAIT OF CZAR

The picture reproduced herewith shows the opening of a session of the duma in Petrograd, with the president's rostrum in the foreground and the back ground dominated by a full length portrait of Czar Nicholas II, who has abdicated. The duma, the first representative assembly of the Russian people ever instituted, was founded by the czar in his famous

National highways are built by the Federal government paying one-half of the cost and the state and counties through which it passes the other half. A national appropriation of \$85,000,000 has been made for such road work. Of this appropriation \$4,850,000 is available this year, of which \$186,905 comes to Ohio. Next year the Federal aid will be twice what it is this year and will be still larger the next year. The \$85,000,000 is to be spent in five years.—Hillsboro News-Herald.

## 55 MEN UNDERGO ANNUAL INSPECTION

Captain O. E. Hardway had 55 men in line at the armory, Friday night, for the regular army inspection at the hands of Lieutenant Colonel E. N. Jones, Jr.

The men were given one of the most thorough inspections ever undergone by Company M, and from remarks dropped by the inspecting officer, he found Company M in splendid condition.

A number of visitors watched the proceedings with interest.

## GOV. COX'S PROCLAMATION

We are in the midst of a great crisis. Our State in the past has been a moral force that helped to concrete the national sentiment. Every community should join in the common emotion of the hour. The President is confronted with problems no less serious than those which tried the soul of Lincoln. It is well that the citizenship of the State send him a message of dedication to the cause he leads.

Therefore, as governor of Ohio, I proclaim the evening hours of 8 to 9, Wednesday, April 11, 1917, as a sacred time for our people—the men, women and children of cities, towns and country—to assemble together in their meeting places and lift their hearts and voices to Almighty God that we may be divinely guided.

JAMES M. COX.

## The Last Step Taken

The last formal step has been taken.

The people of the United States of America by resolution of both houses of Congress, signed by President Wilson, have solemnly declared that a state of war exists between this nation and the Imperial Government of Germany.

The arguments are all closed. The last word of opposition has been spoken.

From now on there can be no disagreement among American citizens. There is no turning back. In spite of every earnest, conscientious effort to avoid it, the United States has been compelled to enter the great world war.

Of the outcome the people, certain of their sincere efforts to avoid the conflict and conscious of the spirit which brought about the final act, face the future confident of the outcome.

The United States was compelled to enter the war not alone to protest its citizens and its property and to maintain its national honor but to save humanity and civilization from being destroyed by a war mad autocracy.

We are seeking to take no advantage of Germany, either in the way of territory or money—there is no selfish purpose underlying the action. We become not the Allies of Great Britain, of France, of Russia or Italy or any one or all of the nations arrayed against the Prussian war lords but rather to do our part in the battle which humanity everywhere must wage in self defense.

The supreme test—the final struggle—between despotism and the people has come and this great nation founded on the principles that hold human rights and human privileges above all else, this people believing in "equal rights for all and special privilege for none" could not remain true to the memory of its founders and true to its traditions and beliefs and refrain from doing its part in the struggle.

The hope of humanity everywhere is that the addition of this great nation with its more than a hundred millions of people, with all its wealth of money, with all its resourcefulness, its inventive genius and the bravery and ability of its soldiers and sailors and its tremendous navy to the ranks of Germany's opponents will rush the struggle to an early conclusion.

The declaration of war means the loss of life, the tremendous expenditure of treasure; it means sacrifices innumerable, by the nation and the people, but the cause is a just one and America having "Malice toward none and Charity for all" will do its part toward shaping the destiny of men.

## Spring Storms

Spring storms arrived ahead of time this season and with a violence almost unheard of so early.

The tornado of some days ago, leaving a trail of wreckage across two states, and taking its toll of death, startled people doubly because the snows of winter were still on the ground and annual spring storms and floods almost forgotten.

Rapidly rising waters, followed by the usual flood conditions have more than once threatened property and aroused the anxiety felt by the residents of those sections of the country which are each year endangered.

There is always something that terrifies about the loss which follows these spring freshets and storms. There violence and suddenness gives no time for bracing to meet the shock.

Each year they seem to come more frequently and with added severity, but this impression is due to the rapidity with which present day news travels and the fact that nothing is unrecorded in up to date newspapers.

Of course there are more houses to be submerged and more people to be drowned than fifty years ago, but our grand parents had their annual scares over spring storms just as we do now.

## Poetry For Today

## YOUR FLAG AND MY FLAG

Your flag and my flag,  
And how it flies today  
In your land and my land  
And half a world away!  
Rose-red and blood red  
The stripes forever gleam;  
Snow-white and soul-white—  
The good forefathers' dream;  
Sky-blue and true blue, with stars to  
gleam aright—  
The gloried guidon of the day; a shelter  
through the night.

Your flag and my flag!  
To every star and stripe  
The drums beat as hearts beat  
And flutters shrilly pipe!  
Your flag and my flag—  
A blessing in the sky;  
Your hope and my hope—  
It never hid a lie!  
Home land and far land and half the  
world around,  
Old Glory hears our glad salute and  
ripples to the sound!

Your flag and my flag!  
And, oh, how much it holds—  
Your land and by land—  
Secure within its folds!  
Your heart and my heart  
Beat quicker at the sight;  
Sun-kissed and wind-tossed—  
Red and blue and white.  
The one flag—the great flag—the flag  
for me and you—  
Glorified all else beside—the red and  
white and blue!

## MAKE HONEST TAX RETURNS AND BE PROMPT

Very Timely Suggestions and Advice by One of Our Respected and Well Informed Citizens.

The following very timely suggestions of interest to all Fayette county people have been made by one of our most influential and well informed citizens.

We adopt the suggestions, every one of them, and urge the tax payers to give them careful consideration and make their tax returns as outlined. Above all, be guided by honesty and be prompt. Assist yourself, your neighbor and the public officials.

The people have been given the opportunity. They should avail themselves of it.

Read the suggestions carefully. It means every one of us.—Ed.

"The new law for listing property for taxation begins operation on Monday, April 9th, when each and every person required to make returns of chattels assumes the responsibility of acting as his own assessor.

Every one should strive to give this method of taxation a fair and honest trial, and aid the officers by being prompt and careful in making returns. If you do not fully understand all questions, ask someone who is able to understand to assist you. Every person is interested in a fair and full return. Those who do know must help educate those who do not in this important work. ABOVE ALL, MAKE AN HONEST AND TRUE RETURN. If you omit taxable property, or give false values, you do more than commit perjury and invite a fifty per cent penalty. You flinch from your neighbor who honestly lists his property. If you omit property or value, the rate must be higher to make up the omission. Some one must pay the amount you fraudulently concealed. If you denounce as criminal an act of secretly and fraudulently purloining from your neighbor, don't make a tax return short in value or property, or you will place yourself in the class you condemn as law breakers.

The fact or belief that other persons make false returns, or that taxes are not judiciously expended will afford no justification. If a thief steals your property, you would not seek restitution by stealthily taking from someone else.

HONESTY IS THE BEST POLICY IN ALL BUSINESS. YOUR LOCAL STATE AND NATIONAL GOVERNMENT IS THE MOST IMPORTANT BUSINESS. YOU HAVE WHEN YOU SEEK TO DEFRAUD IT, YOU CHEAT YOURSELF AND ROBE

YOUR FELLOWMAN. In these days of patriotic spirit let us rise to the full measure of our citizenship in matters of taxation, and make complete and honest returns on our property and show that we appreciate the economy and confidence reposed through this new method of listing property."

## BIG IMPROVEMENTS AT THE COLONIAL

The Colonial Theater made its Easter bow today fresh from extensive remodeling and decorating which have added immensely both to its convenience and appearance.

In its radiant new spring attire the Colonial demonstrates its right to be called a classy, up to date picture theater, its thoroughly modern equipment being the stamp of progressive-ness.

Manager Frank Jamison, always on the lookout for something new, is receiving many congratulations upon the improvements.

"There's one thing sure," the good looking young manager jests, "no woman has given her home a more thorough house-cleaning than I've given the Colonial."

Of course the lobby first attracts the attention. It presents a very handsome appearance, re-decorated in sage green, with trimmings of seina, and big monogram "C's" in gold leaf. Harry Burnett had the decorating in charge. All of the old paraphernalia of the lobby has been removed and metropolitan three sheet billboards stand on each side of the entrance. With the exception of these boards, all the photo frames are enclosed in glass.

Inside every thing is freshly decorated in green, tan and gold, with the proscenium a rich deep wine and the film screen thrown into relief by dark stage settings and heavy curtain draperies at the side.

But the two biggest improvements made are in the re-seating of the house and the moving of the screen to the rear of the stage, twenty-five feet from the front seat. This makes every seat in the house desirable, the front seats as good as the center.

For some time Manager Jamison has purposed changing the seats, which were too close for comfort. Several rows were taken out and there is now 28 inches between each row of seats giving an unusual amount of room, so that even a six-footer can be comfortable. As the seats are also unusually wide, patrons can be assured of comfort, without crowding. Another improvement is new lights and a brilliant electric sign is being installed over the entrance.

Manager Jamison is greatly pleased over having some of the big pictures now attracting attention. Among those to be shown at an early date are the Selznick productions, "The Seven Deadly Sins," "The Cohn Law," played by Clara Kimball Young and Norman Talmadge's own production "Panthea."

## HOW MUCH?

Warren O., April 7.—How much is presidential suffrage worth to Ohio women. Officials of the Ohio Woman Suffrage association say this question will be answered by the amount of money raised by various suffrage organizations on the first day of May which has been designated as "dollar day."

## HOME GARDEN SUGGESTIONS

Pliny had the right idea. He said: "Dig deep; manure well; work often." Pliny the older would have made a good gardener. Twenty centuries have failed to improve on his advice.

Importance of good spading or good plowing cannot be over-estimated. The roots of plants must not be cramped for room if the plant is to thrive. Moreover, the plant feeds through these roots and all of the plant food in the soil should be made available by deep digging. No amount of cultivation of growing plants will remedy poor preliminary preparation of the soil.

Do not dig so deeply that you turn poor soil on top and bury the rich soil where the roots cannot reach it. The spading should seldom be less than 8 inches deep or more than 15.

In determining the time to spade, squeeze a handful of dirt and if it crumbles when released or dropped, it is right for working. Use a spading fork rather than a spade.

If you have been able to procure manure, work it into the soil while spading.

The soil probably needs liming for sourness. One pound of slacked lime is enough for 50 square feet, but it should not be put in at the same time with the manure. Spread the lime later when raking the top soil.

In most back yard gardens the soil is too heavy. A good amount of finely sifted coal ashes, no cinders, worked in when spading will help to pulverize such soil, but will not fertilize it.

Before spading, clear off wood and metallic rubbish, but spade in all vegetable matter.

Rake and roll the spaded ground until all lumps have disappeared. Do not be satisfied with a smooth surface covering clods which will make air spaces beneath and waste the moisture which the roots must have.

## GREAT DRAWBACK FOR WAGE INCREASE

(Associated Press Cable)

London, April 7.—The tremendous enthusiasm with which underpaid farm workers received the government's announcement adopting a wage of \$6.25 a week for agricultural laborers, has been considerably dampened by the progress of events since the announcement was made. Much friction is being experienced all through the agricultural counties in establishing the minimum wage scale.

This is due in part to the government's failure to define exactly what is meant by an "able-bodied farm laborer," the term "able-bodied" being susceptible to various interpretation. There is also much uncertainty as to whether employer or laborer has the right to estimate the cash value of farm wages paid in produce, house rent, board, milk, potato land, straw and the like.

Officials of the Agricultural Labor Union are starting a campaign to prevent the farm owner from placing his own figure as the rental value of every cottage and from putting fictitious prices on allowances of every kind. The English employer has a great advantage over his laborers in this respect, for he generally owns the house the laborer lives in and also is the controlling figure in the village government.

# NAVY AND WAR HEADS ARE ALERT

(By American Press)  
Washington, April 7.—War and navy departments are rushing measures to make ready for actual hostilities with Germany. President Wilson issued a statement urging the prompt enactment of the general staff's army plans, which were taken up today by the house military committee.

Complete mobilization of the navy was ordered by Secretary Daniels. The naval militia and naval reserve, totaling nearly 15,000 men, will join the colors within two or three days. Mobilization means the immediate organization of the coast patrol service and the taking over of the swift, privately owned motor craft already enrolled. Volunteer crews for these boats will be called out also. While the men were assembling, telegraphic orders to contractors in all parts of the country were on the wires, providing supplies of every kind that will be necessary.

Under the call for the reserves, scores of retired naval officers are starting to posts previously selected for them to relieve every active officer now on shore duty and whose services can't be spared. The active men will go to the fleets, active and reserve, and to merchant craft already surveyed and listed and to be drafted into federal service.

In the war department, further moves toward mustering a great army await action by congress. Every preliminary step already has been taken, however, to carry out the project of raising and training 1,000,000 men in a year and supplying them with full war equipment.

News that the statutes had been proclaimed by President Wilson was flashed to army and navy posts and ships throughout the world as soon as the war resolution was signed at the White House. The only other thing that can be done at the war department without congressional action is to order the regular army expanded to full war strength.

Plans have been made for calling the full strength of the general staff to Washington to help in administration of the huge task of army building before the department.

Pending a decision by congress on the methods to be employed in raising the army, a detailed scheme for appointment of new general officers and getting highly efficient soldiers in command of each regiment can not be worked out. The basis for this work, however, already has been established by staff action.

Wide latitude has been left to the president in selection of generals under the staff plan. They may be appointed from any part of the forces to be raised or from civil life. Up to and including the grade of colonel, however, it is desired by the military officials that men who have had recent experience in handling troops shall be selected.

Considerable opposition in congress to the draft feature of the army bill is expected by administration leaders.

# FAVOR SENDING TROOPS TO EUROPE

(By American Press)  
Washington, April 7.—Sentiment for sending an expedition into France at an early date is growing rapidly in the senate. No legislation will be necessary to give the administration such authority, but it is probable that resolutions will be introduced to express the senate's endorsement of dispatching troops to the western front. Senator Simmons, chairman of the finance committee, joined with Senator Lodge, ranking Republican member of the foreign relations committee, in urging the sending of at least a small expeditionary force to Europe. He expressed the belief that this should be done at the earliest possible date.

# VOLUNTEERS ARE WANTED

(By American Press)  
Washington, April 7.—President Wilson issued a call for volunteers to bring the army and navy up to war strength, and gave his endorsement to the general staff army bill designed to obtain men by selective conscription. The president says:

The principles embodied in the legislation presented by the war department and the military committee of the senate and house have my entire approval, and its specific recommendations embody the best judgment of the officers of the war department. It proposes to raise the force necessary to meet the present emergency by bringing the regular army and the national guard to war strength and by adding the additional forces which will now be needed, so that the national army will comprise three elements: the regular army, the national guard and the so-called additional forces, of which a first 500,000 are to be authorized immediately and later increments of the same size as they may be needed. In order that all these forces may comprise a single army, the term of enlistment in the regular army, the national guard and the additional forces, will be the same, and the national guard by volunteering, as at present, until, in the judgment of the president, a resort to a selective draft is desirable. The additional forces, however, are to be raised by selective draft from men ranging in age from 19 to 25 years. The quotas of the several states in all of these forces will be in proportion to the population.

# GERMAN UNREST NOW SPREADING

(By American Press)  
COPENHAGEN, APRIL 6.—America's entry into the war evidently has had an immediate and strong effect upon the reform movement in Germany. The conviction that the instant modernization of the Prussian constitution and proclamation of a more democratic basis of government and diplomacy in the empire without waiting for the end of the war, is necessary as a military and political measure to counteract the "tempest of the world's public opinion," as The Völkischer Arbeiter puts it, is evidently gaining ground in all except reactionary circles. The demand that Germany follow the example of Austria-Hungary and declare itself in favor of a peace without annexations is heard from moderate Liberal as well as from Socialist quarters.

# OHIO'S NAVAL MILITIA MOVES

(By American Press)  
Columbus, April 7.—Governor Cox received a telegram from Secretary of the Navy Daniels directing mobilization of the naval militia. The governor relayed the message to Adjutant General Wood. Immediately the order was sent to Captain Anthony F. Nicklett, commanding the Essex, Toledo, and Captain Edward J. Kelly, commanding the Dorotha, Cleveland. The marines reported to their home stations. It is believed they will be sent east in a few days. The Toledo company has 168 men and 14 officers, and the Cleveland company 165 men and 13 officers.

The Ohio national guard has not been ordered mobilized, although the word is expected any hour. Orders will come from the war department through General Barry, Chicago, commander of the central department. General Wood appointed H. L. Fennel, Dayton, major in the judge advocate general's department of the Ohio guard. Fennel is judge of the local district court of appeals.

# WHO IS AUTHOR OF "THE TALE OF THE TOWN?"

Interesting and Unusual Article Relating to Washington Appears in the Akron Beacon-Journal—Author Unknown.

In a recent issue of the Akron Beacon-Journal, published at Akron, Ohio, there appeared an interesting article under the head "A Tale of the Town." This article has been slipped out and forwarded to The Herald by a Washingtonian who resides in Akron, but the question still remains, who is the author?

The articles follows:  
DID you ever go back TO the old home town AFTER about 18 years AND find the same old DANKY expressman WAITING for your trunk AND he shakes hands AND SAYS let's see you've BEEN away haven't you AND Al Nolan's FAMOUS closed car HORSE drawn WITH little slits FOR the lines COMES tearing down MAIN st at a FORTY mile a week CLIP AND Hegler's livery HAS become a garage AND they've got a MOVING picture show NAMED the Ideal AND there's a drug store WHERE Dempsey's BOCK beer sign WITH a whiskered goat USED to hang out BUT everything else IS much the same AS when you left ALTHOUGH the town HAS grown more IN the 18 years THAN Akron does IN 24 hours AND ALONG about 8:30 p. m. # PRIZE WINNING ARTICLE

In a recent contest conducted by the Tiffin Sunday Leader is a prize winning article which will be read with interest here for its intrinsic merit and also because the writer has a local acquaintance.

The writer thanks the pastor who "hit him hard" and says: "The most enjoyable sermons I hear are those that cause me to search myself and plead guilty. How I enjoy grasping the hand of the pastor after church, and telling him he hit me hard. I well remember telling one pastor that and he said: 'Well, Karl, I am sorry that I hit you, but I try to preach as I feel it, my duty to do.'

"Did I get sore? Not much. I told him that I considered it the duty of a pastor to so preach that the congregation would search themselves and find the guilty spots. We go to the M. D. for bodily ailments. What nasty medicine we take to cure them, and do not feel sore at the doctor. We sustain colleges to educate D. D.'s and install in them that their duty is to cure our spiritual ailments then get sore at them when they diagnose our ailments. We do not get mad at the medicine they prescribe, but at the fact that they have discovered our ailments. The man that makes a pastor sugar coat is a thief, for he steals the pastor's manhood and weakens his spirit.

# Fertilize Your Oats

## Why?

BECAUSE Fertilizer starts the oats earlier in the season and they are more advanced and hardier.

BECAUSE the grain is plumper and better matured by the use of High Grade Fertilizer.

The farmer whose oats shade the ground before hot weather is sure of a big oats crop. Try it.

# WANTS CUBA TO BE WITH UNCLE SAM

(By American Press)

Havana, April 7.—President Menocal sent a message to the Cuban congress asking that body to declare that a state of war exists between Cuba and Germany.

The senate, after the reading of President Menocal's message, appointed a committee of five senators to meet a committee from the house of representatives to consider the message and report.

The president's message starts by reviewing the sending by Germany of her notice of unrestricted submarine warfare. Referring to Cuba's reply to the German note, President Menocal says:

"In replying to the terms of the alarming note, the department of state clearly signified the imminence of a definite rupture if the imperial government persisted in its new plan of submarine war, emphasizing our inconstancy thereto in accordance with the sentiment of all civilized nations."

President Menocal reviews the situation between the United States and Germany and concludes:

"In full and firm confidence that I am fulfilling my most sacred duties, although with profound sentiment because I am about to propose a resolution which will plunge our country into the dangers of the greatest conflict in history, but without casting odium upon or without animosity toward the German nation, but convinced that we are compelled to take this step by our international obligations and the principles of justice and liberty, I appeal to the honorable congress in the use of its exclusive faculties, with full knowledge of all the antecedents in the case and with the mature deliberation its importance claims, to resolve as a result of these unjustifiable and repeated acts of aggression by submarines, notwithstanding the protests of neutral governments, among them Cuba, that there has been created and exists a state of war between the republic of Cuba and the imperial German government, and adopt all measures necessary, which I reserve to myself the right to recommend at the proper moment, for the maintenance of our rights; to defend our territory; to provide for our security and to co-operate decidedly to this end with the United States government, lending it what assistance may be in our power for the defense of the liberty of the seas, of the rights of neutrals and of international justice."

With the formal declaration by Cuba of a state of war with Germany, the Cuban government, following the course of the United States, intends to seize three German ships now in Havana harbor.

**Brazil May Break With Kaiser.**

Rio Janeiro, April 7.—The Brazilian government received official confirmation of press reports of the sinking of the Brazilian steamship Parana. The situation is regarded as most serious and in view of the definite declaration of the foreign minister, Dr. Lauro Muller, a rupture of diplomatic relations with Germany is regarded in some quarters as inevitable.

**Brazilian Steamer Sunk.**

Cherbourg, April 7.—The Brazilian steamer Parana was sunk during the night. Three members of her crew are missing. The Parana was a vessel of 4,461 tons. She was built in 1893 and was owned in Rio Janeiro.

**One Drowned, One Missing.**

Parkersburg, W. Va., April 7.—One man was drowned, another is missing and nearly a score of passengers had miraculous escapes in the sinking at dam 15 in the Ohio river of the Pittsburgh-Charleston packet Tell City. Captain Charles Ellsworth reported that careful checking showed that all passengers except Henry Perry, sixty nine, of East Liverpool, O., have been accounted for. A deck hand is missing.

**BAD BREATH**

Dr. Edwards' Olive Tablets Get at the Cause and Remove It

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work. People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without gripping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

## Provision Made for Patriots Who May Give Eyes for Country

FRENCH SOLDIERS, BLINDED IN BATTLE—MISS WINIFRED HOLT

All the specialized resources of the New York Association For the Blind including its Lighthouse and other workrooms, have been placed at the disposal of the war department in the event of American soldiers being blinded in war.

President Wilson, himself a pioneer patron of the Lighthouse work, has accepted the offer on behalf of the government. It came to him from Miss Winifred Holt, who has relinquished a promising future as a sculptor, as well as a social career, to devote her life to blind relief work. She has just returned from Washington, where she left Mr. Wilson the pleased possessor of a shapely bit of stenciled pottery made by a blind soldier behind the lines in France,

while Mrs. Wilson is treasuring the work of another reclaimed blind soldier in the form of a knitted undervest.

# PLOTTERS ARE TO BE ARRESTED

(By American Press)

Washington, April 7.—The arrests of sixty alleged ringleaders in German plots and conspiracies in the United States has been ordered by Attorney General Gregory.

Every man whose arrest was ordered is a German citizen, is known by the department of justice to have participated actively in German intrigues in this country, and is regarded as a dangerous person to be at large. Bail will be refused in each case, and the entire group will be locked up, unless there is a change in present plans, for the duration of the war.

The men are placed in three groups: Those who have been convicted of violation of American neutrality in furthering German plots of various sorts and are at liberty under bond awaiting the action of higher courts; those who have been indicted by federal grand juries for similar offenses and are at liberty under bond awaiting trial, and persons neither indicted nor convicted, but whose activities have been under long surveillance by the secret service or the department's bureau of investigation.

For the first time in more than a century arrests of alien enemies under the attorney general's order will be made without reference to the courts or obtaining warrants. The president is empowered to adopt this course in time of war under an act of congress passed in 1798 and not invoked since the war with Great Britain in 1812.

The department has under strict surveillance thousands of German residents resident in the United States, who are suspected of having been connected with plots already brought to light, with plots abandoned before perfection, or who have been active in German propaganda or because of their accentuated leanings toward the German government are regarded as likely to work against the interests of the United States during the war.

## ON EUROPEAN BATTLEFRONTS

British Make Additional Gains Near St. Quentin.

London, April 7.—In operations near Ronsoy, ten miles north of St. Quentin, the British forces have captured Lempire, five miles east of the Cambrai-St. Quentin road and thir-

teen miles southwest of Cambrai. Prisoners were taken by the British and large numbers of German dead are reported by London to have been found in the captured positions.

French troops continue to recover ground captured by the Germans northwest of Rheims, where Berlin reports 827 French prisoners were taken in the capture of French positions. Paris reports that grenade attacks have brought French successes in reconquering lost ground east of Sapienul.

The German success at the Toboly bridgehead on the Stokod river in Volhynia is reported by Berlin to have resulted in the capture of 139 Russian officers and 9,500 men. The Germans also took 15 guns and 153 machine guns and mine throwers.

South of Riga, Petrograd reports, the Germans entered Russian trenches, but were driven out by a counter attack.

Turkish troops are reported in retreat in Mesopotamia before the Russian and British forces which joined hands Monday on the left bank of the Diale river.

## OHIO NEWS

(By American Press)

**Welty Willing to Serve.**

Washington, April 7.—R. F. Welty of Lima, member of congress, tendered his services to Secretary of War Baker for the war with Germany. His offer is accepted; he will retire from congress.

**May Cut Out Costly Dresses.**

Toledo, April 7.—The Toledo Housewives' league sent an appeal to women throughout the state asking them to dispense with expensive dresses during the war and donate the savings to the country's defense.

**Shepard Would Return.**

Columbus, April 7.—Dr. A. F. Shepard, Dayton, who resigned from the state board of administration recently, sent the governor a telegram from Dayton requesting permission to withdraw his resignation. The governor wired back that non-acceptance of the resignation would be inadvisable. The resignation is effective April 15.

**Attorney Cogar Passes Away.**

Cincinnati, April 7.—Thomas J. Cogar, prominent attorney of this city, past grand worthy president of the Eagles and who was an active candidate for grand exalted ruler of the Elks for the election at the Elks' convention in Boston next July, died here from pneumonia. He was born June 30, 1855, and was a member of the Ohio legislature during 1884-85.

**Charge Against German Farmer.**

Napoleon, O., April 7.—For alleged treasonable utterances, Julius Rohrbach, German farmer near here, was arrested by a government secret service agent. He was taken to Toledo for arraignment. While in Malinta, it is said, he called the president a vile name and said he ought to be shot. Harley Edwards of Napoleon, who overheard him, gave Rohrbach a beating and wired the information to Washington.

"MADE IN U. S. A."

The Overland Big Four continues the famous 35 horsepower Overland which made this institution the second largest automobile concern in the world—in eight years.

It is the same comfortable, roomy, powerful, rugged car that for years has outsold all cars which now sell for more than \$400.

Its brand new body design makes it more attractive than ever.

The wheelbase is 112 inches and it has long 48 inch cantilever rear springs.

We believe it is the most comfortable, the easiest riding car to be had for the price—\$850.

It is as clearly as ever the excess value car of its class.

And the Overland Light Six is likewise the excess value car of its kind.

Most of the body and chassis parts of the Light Six are the same as those of the Big Four.

So the Six shares directly in the economies of the combined production of fours and sixes.

These cars exemplify with great clearness the excess values made possible through the economies effected by our huge production of the most comprehensive line of cars ever built by any one producer.

Ask us to show you the Big Four and the Light Six.
